(new), white shirt and collar and black string tie.

RECOGNIZED BY MARKS.

His brother recognized the body by the following marks: Large mole on left shoulder blade, three L's and two hearts pierced with an arrow, tattooid on the right fore arm. A number of articles were found in his pocket, among them a half-pint bottle of "Old Black Thorn" whiskey, nearly full; six labor tickets of the Virginia Passenger and Power Company, a two-blade pocket-knife, with black handle, Bidl: package of olgarette tobacco and two books of clarette papers, white handkerchief with three red lines around border, and \$1.20 in change. On Christams Eve morning he left his brother's home, at No. 000 Nicholson Street, with, whom he bearded, went to the American Locomotive Works and drew his money. About noon he accompanied several friends to Broad Street and the last seen of him was about two o'clock, when he promised to wait for a friend to purchase, several articles in the five and ten cent store. Since that day his parents and brothers have used every effort in their power to locate him. Telegrams have been sent all over the country, giving a description of him, but shelf efforts were in vain.

WAS WELL KNOWN.

Luck was well known in this city, and was for a long time employed with the Richmond Traction Company as motorman and conductor; later he held a good position in North Carolina. He is survived by his parents, Mr. and Mrs. Geo. O, Luck, of Caroline; three sisters, Misses Nettle and Mary, of Caroline, and Mrs. Annie Luck, of Winston, Mass.

The body will be taken to his parents home to day at 10:10 o'clock, and the tuneral will probably take place this afternoon.

MANY VISITORS SEE THE GOVERNOR

His Excellency Had to Spend Afternoon at Work to Catch Up With Correspondence.

Not for many days has the Governor had so many visitors as on yesterday. It was practically impossible for him to do much work at the office, and he went to the Mansion about 2 o'clock to spend the afternoon in work.

Many of the callors were members of the Jamestown delegation from the Tidewater section. The bill will very likely have the Executive's approval if it reaches him.

Lake Okeechobee. The certification made to-day covers not only the entire area of the Everglades, but also the lands included in Mangove Swamp, which lies still beyond the Everglade region. The tentire list includes about ten million acres, all of which goes to the State in fee simple and will be at its disposal. The controversy over the lands began in 1830, and has been in progress ever since. In order to settle the disputed point as to whether the country is swampy, and therefore the property of the State under the swamp land act of 1850, a survey was favorable to the contention of the State, and in 1897 the secretary approved certification of the lands to the State. But before the patents could be issued friends of the Seminole Indians intervened, alleging that the remnants of that tribe of aborigines, who still remained upon the Everglades, their original home, would be dispossessed. This complaint resulted in another investigation and a special survey, and in the end small tracts of land were withdrawn for the Indians remaining. It is not believed that similar or any other obstacles can now arise to prevent the final closing of the transaction at a very early day. Secretary Hitchook

and a mob of 15,000 citisens formed and marched to the residence of Governor Reyes and hurled a shower of stones at the Governor and should "Death to Reyes!"

The police were sent for, and in the mix-up that ensued in dispersing the mob two policemen and two citizens were killed and many wounded.

Quiet now prevails, but it is not unlikely that the trouble may break out afresh, as political sentiment is high and a strong feeling prevails against Governor Reyes.

VIOLENT DEMONSTRATION

Socialist Meeting Protests Against Ar rest of Goetz.

(By Associated Press.)

ROMES, April 2.—A dispatch to the Popolo Romano from Milan says a violent demonstration occurred there yesterday evening, following a socialistic meeting, called to protest against the arrost of Michaol Goetz, a Russian, at Naples, March 20th, on the charge of being implicated in a plot to kill the Czar during his approaching visit to Rome. A mob of about a hundred socialists proceeded to the Russian consulate at Milan, singing a socialist hymn and shouting. "Down with Czarism." The police attempted to disperse the socialists, and during the fighting which followed a stone was hurled at the escutcheons on the consulate, its flag-staff was broken, a police officer was injured, and four men were arrosted.

(By Associated Press.)

WASHINGTON, D. C., April 2.—The Navy Department to-day received the following eablegram from Admiral Coghlan, dated Guatemals, April 1st:

"Following sent by Marietta, en route Belize, for stores; Raleigh arrived; Trurville captured by revolutionists 24th Our interests protested, Conditions unsettled, Communication uncertain and another collier needed. Brutus nearly empty."

The collier Marcellus will probably be sent to Admiral Coghlan, in addition to the collier Marcellus orders were issued at the Navy Department detaching the supply ship Cuigoa from the North Atlantic Squadron for duty with Rear-Admiral Coghlan and she will proceed at once from Pensacola.

To Admiral Coghlan's discretion has been left the time of his departure from Central American waters, but the tenor of his dispatch received to-day indicates that his presence there will soon be unnecessary. Upon starting north he will join the North Atlanaic Squadron at Pensacola. The ships of the Caribbean Sea division will probably be dooked at Norfolk and Boston. Admiral Higginson's Squadron is expected to reach New York early in May, and such vessels as need repairs will be docked at the New York yard.

ander Humphrey, of Louisville, replying for the Harriman interests to the address of Edward Lauterbach, of New York, representing. Mr. Keong, continued his remarks bogun late yesterday afternoon. He read largely from Mr. Harriman's affidavits, already made public, and said he would leave the law to be discussed later by his associates.

The speaker then adverted to the development and improvement of both properties, and said there was no-evidence to show that the directors ever-contemplated turning over the Central Pacific to the alleged diversion of freight from Chicago to various points, and contended that no discrimination had been practiced against the Southern Pacific. He traced the development of the Central Pacificand said the plans of putting the property in better physical condition as inaugurated by Mr. Huntington had been carried out. NO COMPETITION.

Judge Humphrey said that the appropriation of earnings to the improvement of ruliroad properties, instead of paying dividends to preferred stockholders, had been held by the Supreme Court of the compalinant thought the way to modernize a road was to issue securities.

Judge Humphrey said in response to a question by Judge Lurton that there could be no competition between the Union and Southern Pacific, and, therefore, there could be no possible grounds for the application for an injunction.

Judge Humphrey was followed by Mr. Ibvarts, who contended that the Union Pacific was not before the court, and the court, therefore, had no jurisdiction. He insisted that a court of equity could not abridge the rights of a majority of the stockholders or divest them of the mannagement of a corporation. UNIQUE FEATURES FOR THE REUNION

NEW ORDANS, April 2.—Preparations for the Confederate reunion, which begins May 19th, are now well under way. A number of novel features will be introduced. Each State division will have a band preceding it in the parade. Fourteen young ladies of the highest Confederate standing will ride in a beautifully decorated tally-he at the head of the parade, and will be known as heralds. They will be dressed entirely in white, and will have banners denoting the State they represent and the coat-of-arms of the States will be wrought in flowers on the sides of the fally-ho,

The tally-he will be preceded by the Memphis Bugle Corps, of forty-five pieces, composed of young society men who have been training for the purpose.

Reservations for the division and department commanders and their sponsors and maids, etc., have been made at the St. Charles, and every accommodation has been provided for the entertainment of the veterans.
